

Atlas Copco Pump/Flow — Final Commercial Proof Pack v2

Generated: 2026-05-12

Scope: Brett Hansen (WA/NT) and Dan Day (QLD/NSW/VIC/SA/TAS)

Changes since v1: 2 additional contacts quarantined (Julie Chavez, Dmitry Kharchenko); Port of Newcastle action mode confirmed as `direct_pursue` in production code; Dan Day’s real top-3 pump projects identified.

Summary of Changes Applied This Session

Action	Detail	Status
Quarantine Julie Chavez	“Woodside Pizzeria” LinkedIn contamination on Bass Strait project	✓ Done
Quarantine Dmitry Kharchenko	Wrong-company LinkedIn match on Pilbara project	✓ Done
Port of Newcastle action mode	Confirmed <code>direct_pursue</code> in real <code>laneScoring.ts</code> — <code>proof_pack.mjs</code> script was using outdated heuristic	✓ Confirmed correct
Dan Day top-3 identification	Real east-coast pump projects with <code>direct_pursue</code> + <code>send_ready</code> contacts found	✓ Done

Total quarantined contacts to date: 20 (18 from previous session + 2 this session)

Brett Hansen — WA/NT Pump Portfolio

Territory: Western Australia + Northern Territory

Top WA/NT pump projects with `send_ready` contacts:

#1 — Geraldton Port Berth 1 & Tugboat Harbour Jetty Construction (ID: 810033)

Field	Value
Location	Geraldton Port, Western Australia
Stage	Construction
Pump Score	100
Action Mode	direct_pursue
Active Contacts	5 (all send_ready)

Contacts:

- ★ **Gabriel Rifici** — Project Manager | send_ready | medium | gabriel.rifici@midwestports.com.au
- Peter Leonard — Maintenance Manager | send_ready | medium | peter.leonard@midwestports.com.au
- Ian McLeod — Asset and Engineering Manager | send_ready | medium | ian.mcleod@midwestports.com.au
- Jeremy Henderson — Project Manager | send_ready | medium | jeremy.henderson@midwestports.com.au

Verdict:  **COMMERCIALY USABLE** — 5 send_ready contacts, all at port authority, construction stage.

#2 — Alkimos Desalination Plant (ID: 480023)

Field	Value
Location	Alkimos, WA
Stage	Construction underway (jack-up barge arriving)
Pump Score	100
Action Mode	direct_pursue
Active Contacts	9 (4 send_ready)

Contacts:

- ★ **Rob Gordon** — Procurement Manager, Acciona | send_ready | high | rob.gordon@acciona.com.au
- Nouman Rashid — Procurement & Contract Manager, SUEZ | send_ready | high | nouman.pmp@suez.com.au
- Maria Khajikian — Engineering Manager, Suez | send_ready | high | maria.khajikian@suez.com.au
- Shelly Trew — Senior Project Manager, Water Corporation | send_ready | high | shelly.trew@watercorporation.com.au

Note: Rob Gordon's title references "Pattullo Bridge" — this is a LinkedIn profile artefact (Acciona moves people between projects). His email domain is correct. Recommend verifying current role before outreach.

Verdict:  **COMMERCIALY USABLE** — 4 send_ready high-roleRelevance contacts at EPC and owner level.

#3 — Murchison Gold Project Underground Development (ID: 1020027)

Field	Value
Location	Murchison, WA
Stage	Shift to higher-grade underground mining
Pump Score	100
Action Mode	direct_pursue
Active Contacts	3 (all send_ready)

Contacts:

- ★ **Matthew O'Hara** — General Manager | send_ready | medium | mohara@meekametals.com.au
- John Sinagra — Procurement Superintendent | send_ready | medium | jsinagra@meekametals.com.au
- Win Comia — Underground Manager | send_ready | medium | wcomia@meekametals.com.au

Note: John Sinagra is Procurement Superintendent — pump contact selector correctly ranks GM first due to procurement demotion logic applied in previous session.

Verdict:  **COMMERCIALY USABLE** — underground dewatering context, 3 send_ready contacts including Underground Manager.

Additional WA Strong Projects

ID	Name	Score	send_ready	Stage
660052	Kwinana Gas Power Generation 2	100	2	FID taken, construction starting
720027	United North Underground Gold Mine (Youanmi)	100	2	Pre-production/Dewatering
480061	Youanmi Gold Project	100	1	FID approved
570009	Regional Road Upgrade (NT)	100	1	Moving to construction

Brett Hansen summary: 7 WA/NT pump projects with at least 1 send_ready contact. Top 3 are all `direct_pursue`. Portfolio is commercially credible.

Dan Day — East Coast Pump Portfolio

Territory: QLD + NSW + VIC + SA + TAS

Top east-coast pump projects with send_ready contacts:

#1 — Port of Newcastle MPT Berth Extension (ID: 690059)

Field	Value
Location	Mayfield, NSW
Stage	Construction has begun
Pump Score	100
Action Mode	direct_pursue
Active Contacts	5 (3 send_ready)

Contacts:

- ★ **Shane Ambrose** — Project Manager | send_ready | medium | shane.ambrose@portofnewcastle.com.au

- Nathan Cambourn — Project Manager | send_ready | medium | nathan.cambourn@portofnewcastle.com.au
- Parwinder Singh — Project Manager | send_ready | medium | parwinder.singh@portofnewcastle.com.au
- Gus Hutchison — Project Manager | named_unverified | medium | gus.hutchison@portofnewcastle.com.au

Note: Julie Chavez (Woodside Pizzeria contamination) was quarantined this session. These 3 send_ready contacts are clean.

Verdict:  **COMMERCIALY USABLE** — waterside construction, dewatering confirmed in overview, 3 send_ready PMs.

#2 — Mt Crosby Eastbank Pumping Station Safeguarding (ID: 630006)

Field	Value
Location	Mt Crosby, QLD
Stage	Ongoing maintenance/upgrade
Pump Score	100
Action Mode	direct_pursue
Active Contacts	7 (all send_ready)

Contacts:

- ★ **Paul Thorley** — Operations & Maintenance Management | send_ready | high | paul.thorley@urbanutilities.com.au
- Waleed Abdelaal — Chief Engineering Officer | send_ready | high | waleed.abdelaal@urbanutilities.com.au
- Peter Best — GM Infrastructure Maintenance | send_ready | high | peter.best@urbanutilities.com.au
- Graeme Mitchell — Manager Maintenance Management | send_ready | high | graeme.mitchell@urbanutilities.com.au

Verdict:  **COMMERCIALY USABLE** — literal pump station, 7 send_ready contacts all at high roleRelevance. This is Dan’s strongest card.

#3 — Burpengary East Wastewater Treatment Plant Upgrade (ID: 1200018)

Field	Value
Location	Moreton Bay, QLD
Stage	Major upgrade progressing
Pump Score	100
Action Mode	direct_pursue
Active Contacts	5 (all send_ready)

Contacts:

- **★ Thompson Craig** — Project Manager | send_ready | medium | thompson.craig@unitywater.com
- Callum Mason — Project Manager | send_ready | medium | callum.mason@unitywater.com
- Jon Bennison — Project Manager | send_ready | medium | jon.bennison@unitywater.com
- Paull Disney-Smith — Project Manager | send_ready | medium | paull.disney-smith@unitywater.com

Verdict:  **COMMERCIALY USABLE** — wastewater treatment upgrade, 5 send_ready PMs at Unitywater.

Additional East-Coast Strong Projects

ID	Name	Score	send_ready	Stage
990022	Glen Eira & Greater Dandenong Sewer Network Upgrade (VIC)	100	5	Upgrade program
630007	Victoria Grid Upgrades and Water Infrastructure	100	5	Ongoing
570010	Large-Scale Student Housing Project (VIC)	100	5	Construction commenced

Dan Day summary: 6+ east-coast pump projects with `direct_pursue` action mode and `send_ready` contacts. Mt Crosby Pumping Station (7 `send_ready`, all high roleRelevance) is an exceptional card. Portfolio is commercially credible.

Quarantine Log (All Sessions)

Contact ID	Name	Reason	Project
1080026	TMR Contact A	Fabricated (TMR hallucination)	TMR project
1080027	TMR Contact B	Fabricated (TMR hallucination)	TMR project
1080028	TMR Contact C	Fabricated (TMR hallucination)	TMR project
Various (15)	Dan Day east-coast contacts	Fabricated east-coast contacts	Various
Julie Chavez	Julie Chavez	LinkedIn contamination — “Woodside Pizzeria” in title	Bass Strait project
Dmitry Kharchenko	Dmitry Kharchenko	Wrong-company LinkedIn match	Pilbara project

Total quarantined: 20 contacts

Procurement Demotion — Verification

The pump contact selector now applies a +8 score penalty to contacts with procurement/purchasing/buyer keywords in their title when evaluating pump-lane relevance. This ensures construction/engineering contacts rank above procurement contacts for pump outreach.

Proof — Kwinana Gas Power Generation 2 (ID: 660052):

- Johan Myburgh (General Manager Construction) → score 62 → **ranks #1**
- Paul Holland (General Manager Procurement) → score 58 → ranks #2

The construction contact is now the primary contact for pump outreach on this project.

What Still Needs Attention

Issue	Project	Recommended Action
Cairns Water project — zero contacts	Dan Day	Apollo enrichment pass on Cairns Water project contacts
Bass Strait project — zero contacts after quarantine	Dan Day	Apollo enrichment pass or mark as <code>find_site_contact</code>
Rob Gordon title artefact (Alkimos)	Brett Hansen	Verify current Acciona role before outreach
Womalilla/Prairie Solar (ID: 450005) — no send_ready	Dan Day	15 <code>named_unverified</code> contacts need trust-tier promotion
